CALYPSO SESSION IPA 4.0%.....5.75/26.50
Refreshing beer, low in alcohol, but with a lot of flavour! Because of the Citra and Amarillo hop, this IPA is a real thirst quencher with a fruity character

ZATTE TRIPLE 8.0%.....5.75/26.50
Golden 'triple' with a refined character and a soft after taste. Also, the first beer to come out of our vats in 1985! A delicious classic to be enjoyed in all seasons

'T BLAUWE THEEHUIS SESSION WHITE 4.0%.....5.75/26.50
Ijwit's little sister, but a little less herby and a bit fruitier. Especially brewed for 't Blauwe Theehuis. Light, fresh and low in alcohol, the perfect beer for a sunny day on our terrace

IJWIT 6.5%.....5.75/26.50
Full-bodied, Amsterdam wheat beer that is dangerously 'moreish'. Fresh because of the wheat malt, with a rich aroma of citrus and spices and a slightly sweet aftertaste!

BLONDIE 5.8%.....5.75/26.50
Smooth blonde beer with a touch of fruitiness, a hint of malt and a dash of hops. Gentle, refreshing, honest and pure

'T BLAUWE THEEHUIS LAGER 5.2%.....4.75/22.50
Our unique craft lager, brewed with Saaz hop. With a beautiful golden colour and a fresh, soft character

NATTE 6.5%.....5.50
Classic double. A smooth, dark beer, reddish-brown in colour, with a beautiful balance between the roasted flavour and the slightly bitter hops

COLUMBUS 9.0%.....5.50
Amber beer with generous amounts of hops and alcohol. The high quantities of malt and bitter hops create a complex, full flavour

A true IPA with only 0,5% alcohol. The beer has a refined hoppy aroma, fantastic tropical flavours from the Amarillo hop and a mild bitterness. You can really drink it all day long

VRIJWIT 0.5%.....5.50
Just as delightful and fresh as the original Ijwit but without the alcohol. Brewed with lemon and coriander seeds

BERRIE 0.5%.....5.50
Raspberry sour that is on it's own level. Slightly sour with a lot of fruitiness, something completely different in the low alcohol section. A must try!

Our other tasting room is located in Amsterdam-Oost, under the well-known Windmill de Gooyer. This windmill has existed for over four centuries. We have been brewing our beers here since 1985. Formerly this served as a bathhouse. Steam-engines, tiles and several water pipes came in handy in our brewery as well. Some of the old soap baskets still remain in the back of the brewery. Want to have a peek? On Fridays, Saturdays and Sundays we offer a free tour around our brewery. Here, we'll tell you every detail about the bathhouse, the brewery and our beers.
